### Notes Before You Begin

- Read through all of the instructions before beginning.
- All of the seam allowances are 1/4" unless otherwise noted.
- Press seam allowances open unless otherwise noted.
- Width of fabric (WOF) is equal to at least 42" wide.
- Right sides together has been abbreviated to RST.
- Remember to measure twice and cut once!

### Cutting Instructions

**From Fabric A, fussy cut:**

four 15" squares with a circular motif centered in each square

**From Fabric B, cut:**

on 2" x WOF strip. Subcut:

two 2" x 20" rectangles

## Assemble the Wreath Door Hanging

*Note: The illustrations are only shown in the Holiday colorstory. The instructions are the same for both colorstories.*

**Step 1:** Layer one 15" fussy cut square on top of one 16" square of batting. Quilt as desired.

**Step 2:** Cut the quilted square and one unquilted 15" fussy cut square into 14-1/2" circles with the circular motif still centered. *Note: You can use something round with a 14-1/2" diameter as a template or use the template found on page 4. If you use the template included in the pattern, mark the center of the circle with a pin to align each quadrant of the circle to the same point.*

**Step 3:** Fold one 2" x 20" Fabric B rectangle in half, lengthwise with right sides together. Sew along the long edge.

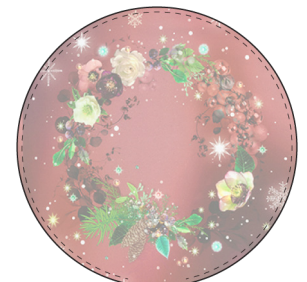

**Step 4:** Turn the long tube right side out, then press to complete the hanging strap.

**Step 5:** Align the hanging strap to the edge of the quilted circle with about 4" in between the ends of the strap. Be sure the strap is not twisted. Baste the strap in place using a 1/8" seam allowance.

**Step 6:** Lay the unquilted circle on top of the quilted circle and tuck the strap toward the center. Pin the layers together, then sew around the perimeter. Leave a 3" opening at the bottom of the circle.

**Step 7:** Turn the circle right side out, then press. Topstitch around the edge of the circle to finish the wreath door hanging.

**Step 8:** Repeat Steps 1-7 to make a second wreath door hanging from the remaining cut pieces.

Print at 100%.

Check size printed correctly using 1" box for scale prior to cutting fabric.

## Wreath Door Hanging 14-1/2" Circle

*Note: This is one quadrant of a 14-1/2" circle. Find the center of the circle motif and mark it with a pin. Align the bottom left corner of this template with the pin, then trace all four quadrants to form a circle.*
